Objective

To leverage my skills in software development and machine learning to build practical solutions that create real-world impact while continually enhancing my technical and teamwork abilities

Education

KKR and KSR Institute of Technology and Sciences

Bachelor of Technology in *Computer Science Engineering*

Guntur, AP

Expected 2026

- CGPA: 7.76/10

Sri Chaitanya Junior College

Intermediate (MPC)

Andhra Pradesh

2020 – 2022

- Percentage: 74.5%

SIMS My School

Board of Secondary Education

Andhra Pradesh

- Percentage: 98%

Technical Skills

- **Programming Languages:** Java , C (Basics)
- **Web Technologies:** HTML, CSS
- **Tools:** VS Code, Excel, Figma, Canva
- **Soft Skills :** Team Management, Communication, Adaptability, Leadership

Experience

Prompt Engineering Intern

May 2025 – July 2025

IIDT & Blackbucks Engineers

Remote

- Gained hands-on experience in Machine Learning workflows: data preprocessing, feature engineering, model training, testing, and performance evaluation.
- Learned Prompt Engineering with ChatGPT, including role-based prompts, output control, debugging techniques, and using GenAI for explanation and anomaly detection.
- Worked with multiple ML algorithms (Logistic Regression, Random Forest, XGBoost, LightGBM, CatBoost) and evaluation metrics (Accuracy, Precision, Recall, F1, ROC-AUC).
- Learned to build AI web applications using Flask, and visualize model results using Matplotlib and Seaborn.

Projects

Chat bot | HTML, CSS, Gemini API

2024

- Developed a hybrid AI system that predicts loan approval using machine learning and explains decisions using ChatGPT.
- Integrated fraud and anomaly detection by analyzing inconsistent application data through prompt engineering.
- Built an end-to-end pipeline with preprocessing, model training, evaluation, visualization, and Flask deployment.

Anime wallpaper Recommendation Application | HTML, CSS.

2025

- Integrated features such as category filtering, search functionality, and quick preview options for seamless browsing experience
- Enabled users to explore a wide range of high-quality anime wallpapers with smooth navigation and responsive interactions
- Leveraged tools like ChatGPT and Gravity to enhance content suggestions and improve overall user experience

Certifications

CSS Virtual Bootcamp – Advanced styling techniques and responsive design principles

Wipro Talent next – java full stack

Digital 101. Certification – NASSCOM Future-Skills

Artificial Intelligence Fundamentals – IBM for Students

Prompt Engineering Certificate – IIDT & Blackbucks Engineers

HONORARY Certificate – For serving as a beacon of Inspiration & leader

LEADERSHIP & ACTIVITIES

- **Head Coordinator – Graphic Design & Media**
Led graphic design and media activities for student events and initiatives
- **Organizing Head – AI Quest**
Planned and organized an interactive session focused on Artificial Intelligence technologies
- **Peer Learning Facilitator – Graphic Designing**
Conducted peer learning sessions on graphic designing tools and creative practices
- **Student Coordinator – Smart India Hackathon**
Coordinated student engagement and supported event activities during the hackathon
- **Event Lead – Innovation Day**
Managed planning, promotion, and execution of student innovation showcases
- **Session Organizer – Leadership Skills**
Organized interaction sessions on leadership skills for first-year students

Declaration

I hereby declare that all the information provided above is true and correct to the best of my knowledge and belief. I take full responsibility for the authenticity of the details mentioned.
